It has been overwhelmingly determined there will NOT be a Key Peninsula Fair held in 2009. As of yet the date for 2010 has not been established. Tom indicated that there still lots of time for input from the community to the fair planning committee. The focus and number of days of the fair are still in the process of being decided.

March 21st will be the road cleanup. Meet at 8:00AM at the Home Park. Breakfast will be provided by the KPBA to all participants.

The Livable Community Fair will be held on Saturday, May 9th. There is still time to reserve a space if desired.
